DENIES ULTIMATUM WAS SENT TO MEXICO

By Associated Press.

Washington, D. C., November 4.—Later today Secretary Bryan issued a statement saying he had no more to say than the statement he had previously conveyed.

"I have made it a rule not to discuss newspaper reports concerning international matters, but the nature of the dispatches from Mexico this morning suggest a departure from the rule at this time. No ultimatum has been sent to Mexico and it is unfortunate that the press should give

credence to such a report. The harm done by speculation or even inaccuracy in regard to domestic questions is limited, because the people are acquainted with the subject and can make allowance, but as misstatements in regard to international matters may lead to serious consequences, I feel justified in making the above denial."

Discussion of the possibility that President Wilson might again take the Mexican situation to Congress in a personal address was revived in administration circles again today.

WASHINGTON AWAITING REPLY FROM HUERTA

By Associated Press.

Washington, D. C., Nov. 4.—President Wilson let the Mexican situation simmer a few hours today while he went to Princeton, N. J. to vote. The tension over this Government's ultimatum to Huerta was not relieved by the President's absence, however, and just before noon Wilson left the White House, he conferred with Secretary Bryan. All officials here were consistently silent over the notice to Huerta to vacate the provisional presidency of Mexico and wait no partisan.

The understanding was that the attitude here is to make no announcements just now and await the next step. The greatest interest centered about Huerta's conference with the Mexico City diplomats. As soon as Charge O'Shaughnessy had delivered the latest message, Huerta called in the diplomats, but no announcement was made of their conference.

President Wilson planned to be in touch with the situation practically every hour he is away today and will return to Washington tonight.

The administration officials directly connected with Mexican negotiations have adopted a policy of absolute silence, considering it inexpedient this time to define exactly the course of action being pursued, and declined to comment one way or the other on the reports from Mexico City regarding the presentation of a summary notice to Huerta requiring his immediate resignation. That this elimination of Huerta is a sin qua non is admittedly the fundamental basis of the administration policy, but beyond this, the successive steps to be taken or contemplated are not disclosed.

TROOPS PREPARED TO BOARD SOUTHERN TRAINS

By Associated Press.

Chicago, Ill., Nov. 4.—Acting under orders issued by the War Department at Washington several days ago four troops of the 15th United States Cavalry are prepared to leave Fort Sheridan, Ill., for El Paso, Texas, next Friday.

The troops and equipment will travel in special trains over the Chicago & Northwestern R. R. from Fort Sheridan to Chicago and over the Chicago, Rock Island & Pacific line from Chicago to El Paso.

NO INTIMATION ESCAPES MEXICO

By Associated Press.

Mexico City, November 4.—There was no indication today that Provisional President Huerta has delivered any reply to the communication from the United States government telling him he must resign the presidency without loss of time, and that he must leave as his successor any of his adherents, whom he might be able to control.

BE OUR GUESTS

The Herald will receive, tonight, by ASSOCIATED PRESS, the news of the election results in the various cities throughout the state and nation.

Great interest is manifested in the result of the balloting for Mayor in Cleveland, Columbus and Cincinnati as well as in the result in New York city and in the state of Massachusetts and elsewhere.

The citizens of Washington are invited to visit at The Herald office and receive the news or call The Herald by phone (Citizens No. 137, Bell No. 170) and the news will be cheerfully given. Full returns on the local election also.

YOU ARE INVITED TO VISIT WITH THE HERALD.

BLOODY RIOTING AT TERRE HAUTE

By Associated Press.

Indianapolis, Ind., November 4.—Trouble started with the opening of the polls at Terre Haute today. A number of persons were arrested, including several prominent citizens who had credentials as Progressive party election officials. The Progressives had been given places on the election boards, but when they insisted upon serving they were arrested. Fred B. Hagaman, head of the vocational department of the Terre Haute schools was attacked and was badly beaten. He had to be sent home. Miller Davis, Republican who went to his assistance was knocked down and beaten. 12 men who said they were members of a National Detective agency and were in Terre Haute to watch for alleged illegal voting were arrested and charged with being repeaters.

ROUGH TREATMENT ACCORDED VOTERS

By Associated Press.

New York, November 4.—Although few arrests were reported during the forenoon, there were disturbances at polling places in various parts of the city over the challenging of many voters in the Second Assembly district where there is a hot contest between Alfred E. Smith, present Democratic speaker of the Assembly and a Fusion candidate, Maurice Cohen. Adherents of both were bombarded with rotten eggs and vegetables when they appeared at the polling places. President Driscoll of the Voters' league, in interceding for a challenged vote was set upon by gangsters. Police reserves rescued him.

SALOONISTS WORK FOR PROHIBITIONIST

By Associated Press.

Chillicothe, Ohio, November 4.—A peculiar situation developed at the election here today when some 200 saloon men and their friends began voting and working against James A. Cahill, Democratic candidate, in favor of Joseph Williams, Prohibition candidate. They say they are against Cahill because he made them close their places on Sunday.

\$260,000,000 BUDGET APPROVED BY FRANCE

By Associated Press.

Paris, France, November 4.—France today formally approved the Budget for 1914. The loan which will be necessary is estimated at \$260,000,000. This is to meet the deficiency on the 1913 Budget and pay off outstanding treasury bills covering previous deficiencies.

VOTING CONTESTS IN SEVEN STATES

By Associated Press.

Columbus, Ohio, Nov. 4.—Complete elections are being held in every city of the state today and in addition a number of state issues are being voted upon. They include initiated laws and amendments to the constitution. Much interest is being taken, according to reports in the anti-shipping liquor statute, women workers being active in many instances. The proposed short ballot amendment is also being given much attention. Early reports indicate that large votes will be the rule where the conditions over the state were good.

Seven states hold elections today. Three, Massachusetts, New Jersey, and Virginia choose governors. Maryland elects a United States Senator and State Controller. Pennsylvania two Superior Court Judges, Kentucky two Circuit Judges and legislature. New York nine Supreme Court Judges Judge of Court of Appeals, Associate Judge, Assemblymen and two state Senators. New Jersey also elects a new legislature. Congressmen are to be elected in four districts; 3rd Massachusetts, 13th and 20th New York and 3rd Maryland.

Many cities choose officials notably New York, Philadelphia, Cincinnati, Cleveland and Columbus.

SULZER'S DISTRICT LEADS ALL OTHERS

By Associated Press.

New York, November 4.—In Sulzer's district the voting up to mid-afternoon was larger in proportion than in any other city. More than 50 per cent of the registered district vote was cast before noon. Sulzer supporters said all indications pointed to his election by a substantial plurality. About 25 arrests for alleged irregularity in voting had been made up to noon. Among those arrested were four Columbia students.

NEGRO ARRESTED ON MURDER CHARGE

By Associated Press.

Columbus, Ohio, November 4.—Elzie Erwin, 18, negro, wanted at Huntington, W. Va., on charges of murdering Al Osborne November 20, 1911, and robbing him of \$400 was arrested here today by Columbus detectives. He resisted arrest. He was taken to Huntington this afternoon by Detective Melrose. Clarence McNeely and William Hall, negroes, are under indictment for the crime in which Erwin is alleged to have participated. Their alleged victim was cut in four pieces and his dismembered body thrown into a lake.

PERKINS IS PRAISED

By Associated Press.

St. Paul, Minn., November 4.—William D. McHugh, of Omaha, fighting the federal suit for dissolution of the International Harvester Company today in the United States District court, pictured the concern as one of the greatest educational and beneficial forces in this country. He assigned to George W. Perkins the greatest praise for this achievement and asserted without Perkins' mind directing the organization and expansion of the business, the International Harvester Company today would have been an impossibility.

LINER IN GALE

Havana, Nov. 4.—The German liner Fuerst Bismarck, from Hamburg for Vera Cruz with 1,000 passengers, arrived here after having been buffeted for several days by a fierce storm, in which two of the crew were swept overboard and drowned and several injured by falling spars.

FINDS DEAD BODY OF HER HUSBAND IN A CORNFIELD

Norris Recob Succumbs to Rheumatism of the Heart and Is Found by Wife Who Stumbles Upon His Body While Searching For Him in the Darkness—Held Half Husked Ear of Corn, Indicating Suddenness of Death Which Overtook Him.

Stumbling upon the rigid form of her dead husband while searching for him in a cornfield Monday evening after nightfall was the horrifying experience of Mrs. Alice Recob, wife of Norris Recob, residing just off the Jamestown pike some two miles from this city.

Mr. Recob had gone to the cornfield a quarter of a mile from his home, to husk corn, and late in the evening after darkness had fallen and he had not returned, Mrs. Recob became restless and went to the field to search for him. It was then she made the discovery that he was stone dead and had probably been dead for several hours as his body was rigid. Her screams brought a number of neighbors to the scene, and after procuring lanterns a watch was established while Coroner L. P. Howell of this city was notified.

It was eight o'clock when the news reached Dr. Howell, and he left im-

mediately for the scene, accompanied by a Herald reporter.

After some difficulty they reached the Recob home to which the body had been removed by a half score of men who had assembled at the little home.

When Coroner Howell stepped into the room the dead man lay upon a cot in the center of the dimly lighted room, and was surrounded by the neighbors who had flocked in.

M. L. Yeoman, who was first to reach the dead man after the wife had found him, indicated the position in which the man lay when found, with a half husked ear of corn across the legs, showing how suddenly death must have come to him.

Inquiry developed that the man had been subject to rheumatism, and rheumatism of the heart evidently caused his death. He was 59 years of age last April, and leaves a wife and one child.

After making the examination Dr. Howell secured the necessary information and returned to town, leaving a few of the watchers to remain over night.

Mr. and Mrs. Recob, in company with Mrs. Recob's mother, Mrs. Gant, have made their home on a small tract of ground they owned, and have for a great many years been respected residents of the neighborhood.

POLICE QUIT RATHER THAN PROTECT CARS

By Associated Press.

Indianapolis, Ind., November 4.—50 patrolmen of the Indianapolis force turned in their badges today rather than ride on street cars and protect strikebreakers. A squad of 50 policemen detailed to guard a car which was ready to start, protested so strongly against riding on the cars that the effort to resume traffic was abandoned and the police returned to patrolman duty on the streets. Members of the police force joined in the cheering which followed the order sending the strike-breakers back to the barns. Means of preventing rioting are being discussed by Sheriff Porteus and a committee of business men named by the 50 business men deputies summoned yesterday.

DRUNKEN PRISONERS RIDDLE THE JAIL

By Associated Press.

Morristown, N. J., November 4.—Two drunken prisoners with a riot gun and 1000 rounds of ammunition held high carnival at the Morris Co. jail from midnight until morning, terrorizing the other inmates, riddling the office with bullets and failed in their plot for a wholesale jail delivery only because they drank too much liquor after escaping from their cells.

LARGE VOTE CAST THROUGHOUT CITY

Indications at press time this afternoon point to the polling of a heavy vote in all precincts of the city.

From the opening of the polls until 3:30 this afternoon the voters have been pouring in and out of the polls registering their choice for the various offices and upon the amendments submitted.

The day has been an ideal one for the election, and everything passed off smoothly throughout the day. The quietness was a marked feature of the election.

Definite results on the vote for Mayor and President of Council will be known by eight or nine o'clock.

BOTH CONFIDENT

Fusion and Tammany Leaders Talk of a Landslide.

New York, Nov. 4.—A heavy vote is being polled throughout the greater city today, and both Fusion and Tammany leaders are predicting a landslide for their respective candidates. "We will win by 150,000," declared Charles F. Murphy of Tammany Hall, who in the last three weeks has been moved to break his sphinx-like silence more often than in any previous campaign. Fusion estimates of victory ranged from 75,000 to 125,000. Edward E. McCall is the Tammany standard-bearer.

Information reaching police headquarters that strong-arm men, gunmen, guerrillas and thugs generally were to be employed to intimidate voters resulted in police activity unusual for election day in this city. Seven hundred picked policemen familiar with underworld characters were assigned to all parts of all boroughs. Police Commissioner Waldo announced.

Many New Members Added To the Protective Society

Nineteen new applications for membership to the Fayette County Fish and Game Protective Association were received at a meeting of the new organization held Monday night, and from reports made at the meeting

the number will be more than doubled before the next regular monthly meeting of the association.

A great deal of enthusiasm marked the meeting held Monday night, and Warden J. S. Sackett was present and

made a short address, explaining a number of points of interest to the members, and injecting still more enthusiasm into the meeting.

It is interesting to note that quite a number of the new applicants are farmers who have long looked forward to the organization of just such a society for the protection of fish and game, and property along streams.

By-laws have been adopted and the association is now in splendid condition and its work is expected to better fish and game conditions throughout the county.

Not only has the association made

arrangements for securing a large number of small fish with which to restock the streams of the county, but it is expected that some quarter and a half pound lake fish will be placed in local streams, in which case they will soon be large enough to use.

Application has been made for quite a number of Hungarian partridges, and a number of owners of large tracts of land have come forward and pledged absolute protection to the birds if they are released on their lands. Arrangements will be made with some of the farmers, and as soon as the birds arrive they will

be distributed accordingly.

Applications for membership should be forwarded to Ed Fite, secretary of the organization.

ASK IMPROVEMENT OF GEORGE'S RUN

In a petition filed by H. Brown and others in Marion township, the county commissioners have been asked for the improvement of a large

It Doesn't Pay

The action of the Jackson county judge in sending to the Mansfield Reformatory a young man who had deliberately falsified that he might secure a license to wed a young woman of the same county, may seem harsh and uncalled for. But is it? Let us take a look at the case. The young man in question was Joseph F. Hoover. He sought to evade the law by making oath that he was twenty-three years old, when in fact he was only twenty. He secured the license by swearing to the falsehood, and married the woman of his choice.

It was then Judge DeLay discovered that the young man had perjured himself. He sent an officer after him, tore him from his heart-broken bride, and sentenced him to an indeterminate term in the State Reformatory.

And the man could have secured the consent of his father, told his correct age, and obtained the license without resorting to falsehood and deceit.

In this instance the youth, like thousands of others, had not stopped to realize that he was really committing a crime which carried with it a penalty of such severity. He realized it after it was too late. He realized that truth must triumph, and that we come to the man who tries to evade the right by trickery and deceit.

And yet there are countless numbers who have committed the same crime of which the youth stands convicted. They resort to perjury because it seems such an easy matter to hold up their right hand and answer "yes" to the oath administered. They forgot that man can give no higher pledge, and that such an oath, given falsely, is not only an infraction of the laws of the land, but is dishonorable and shameful in the extreme. Besides it is entirely unnecessary. Regardless of the great abuse of truth, truth must forever obtain.

The Jackson county youth's punishment should be a constant warning to the youth who seeks to evade the law by perjury himself.

South America Holds Forth Unlimited Opportunity For People of This Country

By AUGUSTO B. LEGUIA, Former President of Peru

THERE IS UNLIMITED OPPORTUNITY IN SOUTH AMERICA FOR AMERICAN BUSINESS AND FOR AMERICAN CAPITAL AS WELL. WE ARE SHORT OF AMERICAN CAPITAL, AND WE NEED MORE AMERICAN ENTERPRISE AND SPIRIT.

The possibilities for these are simply without any limit. In Peru especially there are agriculture and mining. In order that the present production of the country be increased it will be necessary to carry out schemes of irrigation. But these are quite feasible. Fifty-five rivers flow into the sea, and their waters have so far not been made use of to assist nature or man.

These rivers would make any amount of power, harnessed up, for the whole coast of Peru is an inclined plane, so that the flow of the river is strong, and THOUSANDS OF HORSEPOWER GO TO WASTE EVERY HOUR. This could easily be harnessed up.

The population of Peru grows very slowly. No census has been taken in twenty-five years, but we estimate the population today in the neighborhood of five million.

The Panama canal means for the west coast of South America a radical change of geography. Peru's position will be improved by some five thousand miles. I mean that it will be brought that much nearer New York.

Indeed, the position of the whole of South America will be radically changed, and conditions of TRADE MUST UNDERGO A REVOLUTION. In Peru they are trying to enlarge the port facilities to take care of the trade resulting from the opening of the canal.

We Forget That Our Sailors Are Trained In Useful Trades

By ROBERT W. NEESER, Naval Historian

IT has always been a question for debate in this country whether the stars and stripes should be represented by a large and efficient navy or whether a few units would not answer our purpose and meet the exigencies of the present moment. But none appears to have viewed the matter from a broad, unbiased point of view.

The navy has EVER SEEMED A MERE COLLECTION OF FIGHTING MACHINES—i. e., dogs of war awaiting the command to rush forth to combat—a folly, a wanton extravagance. Yet today, when a large part of the offensive object of the navy may seem unnecessary because of the closer and more intimate relations of nations and the higher development of mankind, the service has proved its adaptability to fit into the new order of things and has become a large national university for the training of citizens for our republic.

WHILE PREPARING THE SHIPS AND THEIR CREWS FOR THE NATIONAL DEFENSE IT GIVES ITS FIFTY THOUSAND ENLISTED MEN A THOROUGH PRACTICAL TRAINING IN THE USEFUL TRADES OF PEACE. THE BATTLESHIP IS NOT MERELY A FIGHTING MACHINE, BUT IT IS IN EVERY SENSE A COMPLETE AND SPLENDIDLY EQUIPPED MANUAL TRAINING SCHOOL WHERE MEN ARE ENGAGED IN A SCORE OF DIFFERENT OCCUPATIONS SPECIALLY FITTING THEM FOR CAREERS IN CIVIL LIFE.

Poetry For Today

THE SEA.

A wet sheet and a flowing sea,
A wind that follows fast,
And fills the white and rustling sail,
And bends the gallant mast,—
And bends the gallant mast, my boys
While, like the eagle free
Away the good ship flies, and leaves
Old England on the lee.

O for a soft and gentle wind!
I heard a fair one cry;
But give to me the snoring breeze
And white waves heaving high,—
And white waves heaving high, my boys,
The good ship tight and free;
The world of waters is our home,
And merry men are we.

There's tempest in yon horned moon,
And lightning in yon cloud;
And hark the music, mariners!
The wind is piping loud,—
The wind is piping loud, my boys,
The lightning flashes free;
While the hollow oak our palace is,
Our heritage the sea.

Latest Move of the English Militant Suffragets.

London, Nov. 4.—The militant branch of the suffrage organization is busy raising an army in the east end of London to force the government to yield to the demands of the women. Sylvia Pankhurst announced this. She said the "army" is to be under the command of Sir Francis Vane, who was captain of the Third Royal Lancaster regiment in the Boer war, who will have several army officers to assist him. "It is no joke," she said. "We are absolutely in earnest. As soon as our army is trained we shall get the same treatment as Sir Edward Carson and the Orangemen. The government will come to us offering the vote."

After much experimental work on the part of the navy department, it has been decided that oleomargarine was a good substitute for butter for use among the ships of the service. Then it was found the nation law stipulates that the ration shall include two ounces of butter, and the jacksies will do without the oleomargarine.

The canal of the Schuylkill Navigation Company from a point in Pennsylvania to Philadelphia is 108 miles in length and cost \$12,000,000. The Welland ship canal which connects Lake Ontario and Lake Erie is 27 miles in length and cost \$26,000,000, and no one knows the cost of the Ohio canals.

Cotton may be king, but planters threaten to upset his throne, according to figures in the Manufacturers Record. An acre of peanuts yields up to 75 bushels. To plant and gather costs comparatively little. Peanuts are worth to \$25 an acre even at a moderate yield. Cotton, on the other hand, costs far more to gather and pack and 500 pounds are needed to make one third of a bale. The farmer clears usually about \$15 an acre. It is said that Texas farmers are finding the peanut crop more and more valuable and profitable. In a dry time it flourishes and the peanut vines fatten stock. Millions are invested in the manufacture of peanut products aside from their value as fodder.

A GLIMPSE BACK THROUGH YEARS

(John E. M. Kerr.)

June 13, 1872.

The following article was handed us by one of our solid, well-to-do farmers on the subject of horse-racing and probably it expresses the views of many of our farmers on that subject:

"It is high time that a broad distinction were made between sporting clubs and agricultural societies, and between horse races and agricultural fairs. The union of these two diverse, if not antagonistic elements, has been the means of strangling what is good in associations for the promotion of agricultural pursuits. Breeding race horses is not within the sphere of farming. No good can come of horseracing and much evil. Horse races are gatherings for black legs, and they are no more within the range of farmers' legitimate pursuits than gambling. We do not believe in mingling things that are so opposed and the farmer will have reason to rejoice if the day ever comes when agricultural fairs shall again be made what they ought to be and what they once were. We may express the hope that this subject will be discussed this winter and that it will be to cut loose from such evil associates.

The information contained in the communication to the Cincinnati Enquirer by our Democratic friend, Dr. Coffman, will undoubtedly be news to the people of Fayette county of all political parties and of all colors and the reading of it will cause a great deal of smiling and mental queries as to where and how the good Doctor, who claims to be the best posted man politically in our town, got so much valuable information. Notwithstanding his having been "an active practitioner of medicine for more than 27 years in Fayette Co.," he fails to prove that he is in political lore what he claims to be in the Enquirer. Our colored friends deny his right to divide their vote on election day.

Hartman Theater

John O. Fisher's "The Red Rose" now acclaimed not only as a great musical comedy, but more so as a riot of frivolity, an orgy of fun, a cyclone of beauty and a feast of music, will be seen at the Hartman theatre, Columbus, Tuesday and Wednesday, November 11-12th with a matinee Wednesday. From all over the country has come comment on its almost overpowering beauty, the multitude of beautiful girls in the company, the sweetness and seductiveness of the music, the panorama of color and the atmosphere of Parisian hilarity, all of which should carry a local audience almost literally off its feet. However a "red rose" atmosphere will pervade every home in which there is any sort of a musical instrument after the visit of the company to this city.

FIGHT ROAD BONDS

Farmers Fight Good Roads Bonds.

Pittsburg, Nov. 4.—The most important general question to be decided at the polls in Pennsylvania today is the proposed amendment of the state to allow bond issue of \$50,000,000 for good roads, and although a hard fight has been waged by supporters of the measure, the farmers of the state are opposed to it and the outcome is problematical. Eyes are also on the mayoralty fight in Pittsburg, with the Oliver-Penrose faction on one side and the Magee-Flynn element on the other.

LLOYD HOME ONE OF FINEST IN THIS PART OF THE STATE

Magnificent Residence of Mr. C. E. Lloyd Will Soon Be Ready for Occupancy.

**COST OF HOME FURNISHED
ESTIMATED AT \$60,000**

New Home is of Distinctive Form of Architecture and Elegantly Finished Throughout, With Many Novel Conveniences Found in Few Homes in This Part of the State.

The new home of Mr. C. E. Lloyd on Rawlings street is now in readiness for occupancy and as soon as the furniture ordered from furniture markets arrives Mr. Lloyd and family will move into it.

The Lloyd home, when completed and furnished at an estimated cost of \$60,000, will be one of the finest homes in this section of the state as well as distinctive in its architecture.

In house, grounds and settings the home is modeled entirely on the Old English style. The house is built on a two-foot terrace above the wide lawn which slopes several feet to the pavement.

Leading up to the terraced brick entrance is a wide walk of brick, laid in Old English design, and bordered with a low wall on either side. On the west side a drive way leads back to the garage, built of the same brick as the house.

The effect from the front is decidedly English and attractive.

The house is built of oriental brick with four entrances, one east, opening onto a side porch, with brick floor, one in the front and two west entrances. Throughout the French paneled windows and doors are used, the heavy oak front door completed with brass knocker. A thousand panes of plates glass are used in the paneled windows and doors, which are very attractive features, both in the exterior and the interior decorations.

The house is two stories, with dormer third story and concrete basement. Opening onto a wide center hall is an immense library extending across the front of the house to the veranda on the east side and on the west side a reception room.

A handsome stairway with wide landing, goes up in the center of the hall and in the rear opens the dining room. The kitchen arrangements are wonderfully complete with butler's pantry connecting into the dining room, and every convenience.

Upstairs there are the bedrooms, with dressing rooms, two bath rooms, one with sunken bath tub, the other with shower, linen and trunk room.

The interior finishings and decorations are exceptionally handsome and show expert skill. All the downstairs woodwork is of quartered oak in the dull finish and bookcases, window seats and other pieces of furniture are built in to match.

The mural decorations of library, reception room and hall carry out a mottled effect in bronze and dull green that is particularly harmonious with the woodwork.

The dining room is in mottled blue and green, and shows a conventional decoration similar to the style of the other rooms. In library and dining room there are handsome oak mantels with green tile.

The electric light fixtures are of burnished brass except in the dining room, where German silver fixtures, introducing a pine cone design, are quite unusual. The center chandelier is particularly beautiful, swung on heavy chains.

Upstairs the color scheme is extremely dainty and the woodwork enameled white and mahogany. The walls are finished in one room in pale lavender, in another buff and in the immense bedroom over the library, with sun parlor on one side and dressing room on the other, a robin's egg blue color scheme is exquisite in connection with the white woodwork mantel and number of French windows. Cheval mirrors in the doors are also pleasing accessories of the bedrooms.

An immense cedar closet, with compartments built in, for which Mr. Lloyd obtained the cedar logs at considerable difficulty, is another unusual feature.

In the concrete basement is installed an Arco Vacuum Cleaner, the only one of the kind in Washington. By the turning on of the electricity the entire house can be thoroughly cleaned at once.

Although the house is heated by city heat Mr. Lloyd has also put in a furnace if it should ever be needed.

Packard architects of Columbus.

built the house. Mart DeWitt had charge of the landscape work.

New furniture is to be installed throughout the entire house and the home will be one of the show places of Washington.

REGULAR SESSION OF THE CITY COUNCIL LAST NIGHT

Many Matters Discussed and Action Taken on a Number of Affairs Which Come Up Before the City Fathers—More Protest on Bad Improvements Made.

The regular session of the City Council was held Monday night, with all members present except McLean and Rothrock. Only business of a routine character was taken up during the session.

The ordinance to regulate the weighing of coal, grain and hay, was taken up and read the second time.

The Safety Committee, which is investigating the controversy between the Water Works Company and the city, asked for more time, and this was granted.

Mayor Smith filed his report for the months of August and September, and Auditor Pine filed his report for the month of October.

E. B. Hukill was present and protested against the payment of special assessment on Green street, holding that the improvement made on that

street had been anything else but satisfactory, and asking what relief the property owners could have.

City Solicitor Rankin answered the query by stating that one method was to bring suit to enjoin the collection of the special assessment, and another was to set up a proper defense when suit was brought to compel payment, and if there was any conclusion which had resulted in the contract not being carried out, to prove it, if not, to pay the assessment.

The engineer stated that the contract had been carried out to the letter on the street in question.

The assessing ordinance on the improvement of the alley from Court to East street between Main and Fayette, was placed upon its second reading.

After further discussion of several matters adjournment was taken.

Any one desiring to learn catering, apply at once to Mrs. Bryant, phone 1441.

TRYING TO EVADE PART OF AGREEMENT

Councilman John Durant, who is a member of the Public Safety committee, is in receipt of a letter from president of the Washington Water Company, Harvey Myers, of Covington, Ky., in which it is evident that it is not the company's intention to construct the double suction line un-

less compelled to do so.

The committee, when it had the matter up in 1912 is said to have elicited an agreement from the company to construct the double suction line demanded for better fire protection, and failure to comply with the terms of the agreement is the reason for holding up payment of the rent for fire hydrants.

The committee has made a determined stand on the theory that "the only way to have proper fire protection is to have it."

MISS FLORENCE USTICK, SOCIETY EDITOR

An enjoyable affair quite out of the ordinary was given by Mr. and Mrs. Lynn Smith Monday night, in compliment to their guests, Miss Cora Carter and Mr. Chas. Carter, of Pleasant View, Kinderhook.

The entertainment was in the nature of a mock wedding, carried out with all the accessories of music, flowers and wedding cake. The bride wore white robes and a veil and carried a large bouquet.

Miss Carter took the part of the bride and Mr. LeRoy DeWitt, of the bridegroom; Mr. Carter the officiating minister.

A tempting two-course luncheon was served and there was great merriment over the bride's favors in the

cake. Miss Bernice Ford found the ring; Mr. Harry DeWitt the dime; Mr. Forest Smith the thimble; Mr. Will DeWitt the collar button and Miss Pauline Gault the bouquet.

Assisting the hostess were Mrs. Wert Backenstoe and Mrs. Harry Backenstoe. Thirty guests thoroughly appreciated the novel entertainment.

The girls of the M. H. G. club were indebted to Miss Fantie Hyer and Miss Lois Coffey for delightful entertainment Monday night at the club's fortnightly Kensington.

Mrs. Almer Hegler will entertain the S. S. C. E. of Fairview church Wednesday afternoon.

CHILlicothe PRESBYTERIAL SOCIETY MEETS HERE TODAY

Interesting Sessions Are Largely Attended—Exceptionally Good Program is Carried Out at Both Morning and Afternoon Session.

The district meeting of Chillicothe Presbyterial Society convened in two interesting sessions in the Presbyterian church Tuesday.

This district comprises the missionary organizations of the churches of Wilmington, Washington and Bloomington. Delegates from the various societies of these churches were in attendance and also a number of visitors.

The morning session opened at 10 o'clock, Mrs. G. M. Ustick conducting the opening service of prayer and praise.

The report of the meeting of 1912, held at Wilmington and prepared by Mrs. Jennie Fisher of that city, was read by Mrs. W. B. Woodward.

Mrs. Moore, Mrs. Irvin and Mrs. Hopkins gave splendid reports of the year's work in the various societies.

The reports offered much encouragement to the workers.

"Unity of Purpose" was the subject of a fine paper by Mrs. H. L. Hadley. A very beautiful contralto solo, "The Lamb", Wm. Blake, was added to the morning's program by Mrs. Mary Goldsberry Burgett.

Mrs. A. S. Kaye, of Frankfort, president of the Chillicothe Presbyterial, gave a most interesting report of the Synodical meeting held at Youngstown, and "Echoes from the Synodical" held much of encouragement and suggestion.

Rev. Wm. Boynton Gage made an excellent little talk, emphasizing the value of the missionary spirit, especially as it was carried out at home.

During the noon adjournment the ladies of the local Missionary society served a delicious hot luncheon in the basement dining room.

The tables were beautifully decorated with bitter sweet and greenery. The entertaining committee of the society, Mrs. Hadley, chairman, gave supervision to the luncheon.

The afternoon session was largely devoted to "Study Class Work," made exceedingly interesting by Miss Helen

Kiel, Synodical secretary.

An Indian story was a feature of the program and there was considerable time given to discussion of work.

Mrs. Werter Shoop sang a lovely solo, "Labor and Love," Ashford. Mrs. B. F. Davis was the organist for the day and played both solos and accompaniments.

Rev. Marbet, of Wilmington, made a few closing words before the prayer and Doxology.

REACHES NINETIETH MILESTONE SAFELY

Mr. Elias Priddy, one of the old residents of Staunton, and a widely known farmer of Fayette county, celebrated his 90th birthday Monday, at his home in Staunton.

Thirty friends and neighbors surprised Mr. Priddy by coming in at noon with baskets filled with a great picnic dinner.

Mrs. Priddy and the only son, George, were in league with the surprise party and had everything in readiness for the spread, to which they added numerous delicacies.

The day was one of memorable pleasure and it is hoped that Mr. Priddy will enjoy future birthdays in the good health and happiness which marked his ninetieth milestone.

SERIOUS OPERATIONS

Two serious operations were performed at the Fayette hospital Monday, the patients Mrs. Emma Scott and Miss Lela Hidy, a sister of the late George Hidy, who was buried last Saturday.

Miss Grace Spencer and Miss Mabel Jenks, of Milledgeville, who underwent operations Sunday, are doing nicely.

STEP DOWN AND OUT OR ANSWER TO UNITED STATES

HUERTA IS ASKED TO RESIGN

Ultimatum Issued by President Wilson.

BARS PRESENT REGIME

No Member Eligible as Dictator's Successor.

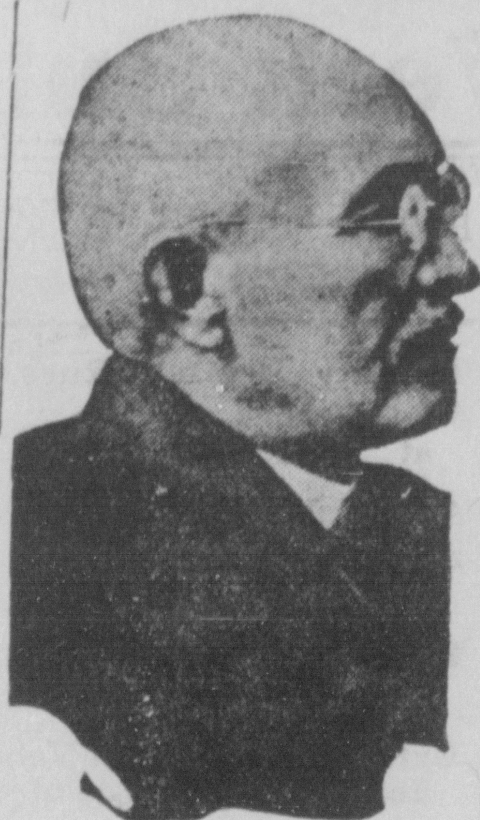

ALL AWAITING HUERTA'S REPLY

Not Believed In the Mexican Capital That the Provisional President Will Accede to the Washington Request. American Communication, Which Is Delivered by Charge O'Shaughnessy, Denotes Crisis in the Mexican Situation.

Mexico City, Nov. 4.—An ultimatum from Washington has been served on President Huerta. He has been told that he must resign the presidency of Mexico without loss of time and that he must not leave as his successor General Aureliano Blanquet, his minister of war, or any other member of his official family or the unofficial coterie whom he might be expected to control.

This ultimatum from Washington was conveyed to President Huerta through his private secretary, Senor Rabago, by Nelson O'Shaughnessy, the American charge d'affaires, acting under instructions from the state department. Senor Rabago delivered the memorandum to his chief Sunday night, but up to this time President Huerta has returned no answer. So far as could be learned he has guarded its contents from almost all of his official and intimate counselors.

Those who learned of the Washington note regard Huerta's position as one in which he will be forced to give one or two answers—refusal to comply with the demand, possibly so far as to hand the diplomatic representative his papers, or the elimination of himself officially. Those most intimate with the president insist that the latter course will not be taken for many

President Huerta.

reasons, chief among which is that such action would be tantamount to submission to the rebels.

Official Mexico is no longer in doubt that the Washington administration favors the rebel cause and is convinced that this is the means adopted by President Wilson and Secretary Bryan to assist Carranza to win.

Huerta summoned to the national palace the diplomatic corps, but for what purpose was not revealed. Three of the ministers, those of Germany, Norway and Russia, were absent. They have been in Vera Cruz, where they were in conference with President Wilson's representative, John Lind, who is understood to be fully conversant with the latest representations from Washington.

DIAZ EXPLAINS VISIT TO MEXICO

Exile Says He Will Watch Developments From Europe.

Havana, Nov. 4.—General Felix Diaz arrived here aboard the Ward liner Esperanza. He is at the Hotel Inglaterra. He paid a visit to Colonel Del Rio, the member of the commission who was unable to return to Vera Cruz on account of illness and was placed in a hospital here before the gunboat Zaragoza left for the Mexican port.

General Diaz gave out the following statement to the press:

"When I left Mexico for Japan on a special mission, constitutional order prevailed in my country and it continued until I was relieved of my mission, and was thus free to return to fill my promise given to my followers that I would be a candidate for the presidency. I returned without loss of time.

"Meanwhile constitutional order had been overthrown by the dissolution of congress and the arrest of the deputies. My only purpose was to be present in the country on the day of the election, as the constitution requires candidates to be on Mexican soil on that day.

"Having fulfilled that duty, and not wishing to indorse the present unconstitutional procedure of the administration, I found myself obliged to leave. I shall watch from Europe the developments of the situation and will be guided by them in my future course."

WAR DEPT. ACTIVE

Washington, Nov. 4.—These are days of preparation in the war department. An unusually large number of specifications are being sent out inviting bids for supplies of all kinds, particularly quartermaster's stores. It is also known that the ordnance department has closed contracts recent-

ly for big supplies of powder. For the first time in the history of the army, it was said by one in authority, the war department is ready immediately to put into the field 500,000 men armed and equipped and ready for action.

WANT EMBARGO LIFTED

Bryan Gives Ear to Representative of the Revolutionists.

Washington, Nov. 4.—Secretary Bryan's consent to receive a statement of the revolutionist cause through Dr. Allen Tupper was a source of encouragement to those who have been long urging the lifting of the embargo of arms on the Mexican border. The rebels' statement consists of a plea that the United States government permit the northern rebels to buy arms from this country, the claim being made that with an abundant supply of arms the federal forces can be overwhelmed in a short time and peace be restored.

It was indicated at the White House, however, that the president is not favorably disposed to this plea. The president desires more than anything else to put an end to further bloodshed in Mexico and it is declared he never will deliberately put more arms into the hands of the revolutionists with which they may undertake a new movement against Huerta.

It is also urged against the plan that in case of intervention by the United States the opposition of the Mexicans would be just so much more deadly in proportion to the degree which they can obtain arms from over the United States border. The present policy is to allow neither federal nor rebels to import arms from the United States.

BLACK HAND MEN MURDER MAN'S WIFE

Italian Who Had Received Black Hand Letters Makes Discovery.

New York, Nov. 4.—Mrs. Salvatore Nocero was found dead in her home in East Forty-ninth street, with plenty of evidence of murder in the room. The discovery was made by the husband, who is a laborer. His 10-month-old babe was unharmed. Nocero said he married his wife two years ago. Since their marriage, he declared, they had received three Black Hand letters threatening destruction of his family if he did not put some money in a certain spot in Brooklyn.

WILSON DISPOSED TO STAND BY GUNS

WANTS NO CHANGE IN CURRENCY BILL

President Wilson's Position Is Clearly Defined.

Washington, Nov. 4.—It becomes daily more evident that President Wilson's views on banking and currency legislation are most clearly defined. He is not disposed to concede even the suggestion of a change in the pending Glass-Owen bill.

The amendment voted into the bill by the committee before its adjournment Saturday, by which the number of regional banks was reduced from 12 to 4, is not acceptable at the White House. The president has let it be known that the sections of the bill relating to subscriptions for capital stock in the new regional reserve banks must stand as passed by the house.

The president explained his steadfast adherence to the Glass-Owen bill by saying that he was not standing on a pivot swinging to and fro on any legislative proposition, and that when he outlined a policy of procedure he did not mark it in chalk which might be rubbed out. He indicated that the administration bill was satisfactory in every respect and that structural changes of any sort would meet not only with his disapprobation, but his active opposition.

PRESBYTERIAN GUILD.

Mrs. Jas Crawford will entertain the Presbyterian Guild at the fortnightly Kensington on Wednesday afternoon, November 5th at 2 o'clock.

SEVEN TAKE EXAM.

Seven persons, all women, tried the teachers' examination held in this city Saturday, and the result of the examination will be made public next Saturday afternoon.

The class was an unusually small one, and the fact that all were women indicates the rapidity with which women are supplanting men in teaching school.

A few years ago the men outnumbered the women teachers, two to one.

ANOTHER HEAD-ON COLLISION ON B. & O.

Two freight trains on the main line of the B. & O. came together head-on at Belpre Monday, as a result of a misunderstanding of orders.

Both engines were damaged but no one was seriously injured. The mishap will be investigated with a view to placing the blame where it belongs.

BLACKBIRDS FIND HOMES IN TREES

The shade trees throughout the city have been proving a popular place for thousands of blackbirds which usually flock to this city in the fall and remain until cold weather, causing many citizens no little annoyance by their incessant squawking.

Each evening about dusk the birds come into the city for the night, and before daybreak they are ready to depart, feeding upon the farms in central Fayette county.

CHARGES HUSBAND WITH CRUELTY

In her petition asking for divorce from Harry Coventry, filed in probate court Monday afternoon, Daisy Coventry charges her husband with extreme cruelty and gross neglect of duty, in striking her, cursing her and her parents and deserting her.

According to the petition the couple were married in this city on the 3rd day of July, 1909, and have no children. The wife claims that the husband would refuse to speak to her for long periods, and that he brought her to her home in this city in June, 1912, and left her under the pretext of returning in a short time, but he never came back.

She asks divorce and restoration to her maiden name of Daisy Roby.

PREPARING FOR THE STOCK SHOW

Preliminaries of the International Live Stock Exposition at Chicago, Nov. 29 to Dec. 6, have been completed, entries are being tabulated and the groundwork laid for the best display of food animals and draft horses ever congregated in America or elsewhere. Entries largely outnumber those of previous years and the galaxy of purebred and fat live stock to be assembled may never meet in the competitive arena again. Construction gangs are busy increasing show facilities. Buildings are being enlarged or altered to accommodate the expansion of the exposition and unsurpassed accommodations will be furnished both exhibitors and spectators.

In consequence of impending shortage of beef, pork and mutton, producers all over the United States and Canada are devising ways and means to expand production and on this account unusual interest is being taken in the 1913 exposition. The imperative lesson of economy in production will be taught forcibly and effectively, by the men who are now engaged in adapting their methods to changing conditions. New feeding and breeding problems will be presented in the stage of at least partial solution at this gathering.

The 1913 International Live Stock Exposition at Chicago will be so dissimilar from previous events of the same nature that both those seeking instruction and diversion will be well rewarded by attending.

DOOM OF THE PRESENT PENITENTIARY SEALED

SITE SELECTED FOR PRISON FARM

Madison County Tract Will Be Purchased By the State.

COX MAKES ANNOUNCEMENT

Tract Comprises More Than Fifteen Hundred Acres, Six Hundred of Which Are Virgin Forest—Separate Pen To Be Erected in Perry County For Men Who Can Not Be Trusted In the Open.

Columbus, O., Nov. 4.—Governor Cox announced that the new penitentiary farm will be on the Madison county tract of 1,550 acres known as the Ellsworth farm, formerly the Thomas farm. It lies along the Big Four railroad and the Ohio Traction company line, and is within a half mile of the Pennsylvania railroad.

It is a well watered, fertile tract of land. Six hundred acres are virgin forest, which will furnish all the lumber needed in building operations and much which will be used in manufacturing office and school furniture for use of the state and its subdivisions. There is an abundance of sand, gravel and clay, from which the state will

make concrete, brick and not far from the state hatchery, which will be operated by prison labor.

The new project means the abandonment of the present penitentiary at Columbus and the sale of the site and buildings after the farm prison has got far enough along for the general transfer of prisoners.

A separate prison is to be built in Perry county for the incarceration of convicts who can not be trusted in the open. This site will be on a tract of brick clay and the prisoners there are to be used in making brick and other material for roads.

The prison farm is the result of Governor Cox's idea that the penitentiary as a place for punishing criminals is a failure.

"I feel justified in asking the legislature to spend \$250,000 for the farm, after a farm prison had been recommended by a commission," said Governor Cox. "I selected Lieutenant Governor Greenlund, Dr. Harris Cooley, Dr. James A. Leonard and Dr. Shepard as a commission to pick a farm, and they have chosen the Madison county site.

"As the prisoners themselves will build the prison the expense to the state will be small, if any. The old site in Columbus will be sold. Its value has been estimated at all the way from \$300,000 to \$600,000.

"Ohio's new penitentiary is going to be operated along the lines of scientific penology. We intend to operate it on a business basis, but, above all, we are going to make men. And not only shall we save those who are sent to it, but we are going to make an intelligent effort to find out why men commit crime. We intend to try to learn the causes that lead men into the wrong course, and if we learn these causes, society can begin the work of removing the causes."

EXPLORER COOK ASKS FOR SQUARE DEAL

Through Congress He Expects Reinstatement in Eyes of the World. New York, Nov. 4.—Dr. Frederick A. Cook, the Arctic explorer, said at the Prince George hotel that he would have his case presented to the American people this winter through congress in the form of a bill commending him for his efforts in the Arctic regions and for his discovery of the north pole. A western senator and a western congressman have promised, he asserted, to bring the bill before congress, and he expects to be reinstated in the eyes of the people of the United States and of the world by January next. He will make a personal appeal to the president, he declared, for fair play in the north pole controversy, which he says is not yet a closed incident.

To Make Your Hair More Beautiful

To give your hair that gloss and lustre and wavy silky-softness, use Harmony Hair Beautifier. It takes away the dull dead look of the hair, and makes it bright—turns the stringiness into fluffiness—overcomes the oily odors and leaves a sweet, true-rose fragrance—makes the hair easier to put up neatly and easier to keep in place. It is just exactly what it is named—a hair beautifier, and whether your hair is ugly now or beautiful, it will improve its appearance. You'll be proud of and delighted with the results, or your money back. Very easy to apply—simply sprinkle a little on your hair each time before brushing it. Contains no oil; will not change the color of hair, nor darken gray hair.

To keep your hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure, liquid shampoo is most convenient to use, because it gives an instantaneous rich, foaming lather that immediately penetrates to every part of hair and scalp, insuring a quick, thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments. Contains nothing that can harm the hair; leaves no harshness or stickiness—just a sweet-smelling cleanliness.

Both preparations come in odd-shaped, very ornamental bottles, with sprinkler tops. Harmony Hair Beautifier, \$1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Rexall Store—one of the more than 7,000 leading drug stores of the United States, Canada and Great Britain, which own the big Harmony laboratories in Boston, where the many celebrated Harmony Perfumes and Toilet Preparations are made—Blackmer & Tanquary, Drug-gists, Washington C. KILLED BY TRAIN UNITED IN DEATH

Young Couple Instantly Killed While Walking Along Tracks.

New Philadelphia, O., Nov. 4.—Charles Elmer Miller, 22, of Canal Dover, and Miss Eulilia Meyers, 19, a waitress in a hotel in this city, while walking along the railroad tracks, a quarter of a mile east of this city, were instantly killed under the wheels of a train. It is believed that Miller and Miss Meyers stepped onto the southbound track to avoid a north-bound train, and that the noise of the passing train drowned all noise of the other train bearing down upon them. Miller and Miss Meyers were engaged to be married.

ANOTHER MAN KILLED BY
STRIKING STREETCAR MENMOB PREVAILS
AT INDIANAPOLISStreetcar Service Still Suspended
In Hoosier Capital.

ANOTHER DEATH MARKS STRIKE

Superintendent of Police and Assistants Struck With Stones While Escorting Strikebreakers to Car Barns—Receiver For Streetcar Company Asked For In a Complaint Filed In Superior Court.

Indianapolis, Ind., Nov. 4.—This city is still in the hands of a mob of striking streetcar men and their sympathizers and derailed and broken cars are still on the principal streets, the strikers refusing to let them be moved. Thomas Carlton, a union chauffeur, was shot in the shoulder when strikers charged the barns of the company, and a strikebreaker died at the city hospital as a result of injuries received Sunday night.

President Todd, John J. Mahoney and Martin J. Hyland, superintendent of police, were pelted with stones. Todd and Mahoney were both struck and painfully cut. Superintendent Hyland, who was in citizen's clothes, was struck several times by stones.

Todd, Mahoney and five strikebreakers under police guard left the Louisiana street car barns. They were instantly surrounded by a hooting crowd. When the party reached Maryland street the strikers and their sympathizers began throwing stones. Police reserves were summoned and the party was rescued and conducted to the offices of the company.

A complaint was filed in the superior court asking for a receiver for the streetcar company on the grounds that it has forfeited its franchise by failure to operate cars. The writ was made returnable Nov. 13.

Charges that partisan politics has caused the police to fail to give the traction company sufficient protection to run its cars were made by candidates for office, while an effort of Sheriff Porteus to swear in 200 citizen deputies resulted in charges being made that he had summoned the men chiefly for the purpose of reducing their activities at the polls.

Charges of politics entered after Sheriff Porteus had issued summons for 200 representative business and professional men for the purpose of making them deputies.

STONE ARRIVES FOR
CIRCLEVILLE PIKE

Five car loads of crushed stone have been shipped to Johnsons Crossing to be distributed on the Circleville pike where most needed, and it is more than probable that additional shipments will be placed on the same road.

The work of distributing the stone commences Wednesday, and will be under the supervision of Elba Wilson, township superintendent.

The road in question is in bad condition in many places, and the stone will be a vast improvement to the road.

Mr. Conny Griessenger of Sabina, a well known wrestler has signified his intention of making a try for the \$25 that Paul Bowser is offering to any man he fails to throw in fifteen minutes. The agent of the show had already left but his instructions were to the management to accept any challenges that were made. It is to be hoped that some young lady that has had a little gymnasium training will attempt to throw Cora Livingston, the champion lady wrestler. In addition to the wrestling the Jardin de Paris Girls carries a company of twenty-five people, including the following well known funmakers: Lick Maddox, Jim Mack, Charley Relyea, Eddie Oliver, Frank Kight, Helen Shepard and Nellie Avery. The chorus of sprightly young women with good voices is an attractive feature of the offering. La Belle Helene and company in the big scenic novelty, The Devil's Bride and Michaud's Models in which shapely young women pose in reproductions of famous paintings, are deserving of special attention. The management has equipped the production with a wealth of beautiful wardrobes and elaborate scenery.

Do We Dodge Death?

Can we mortals always be trusted to do the right thing? The fear of death is general. Life is sacrificed every hour because the rules of health are not obeyed. Death is the one great monster of dread and from whom all flee. Yet how many safeguard their living in such a way as to avert his coming? The rules of health are violated because of the immunity we feel, but finally the penalty must be paid. No argument is needed to enforce the lesson. Everybody knows it. The rules of right living are clear, explicit. Vice, Intemperance, wrong living, overeating as well as overdrinking, continue to pay their tribute to the undertaker and the graveyard.—Leslie's.
